

What Graduate Student Council(GSC) does

GSC provides resources and runs various programs to support your academic success and wellbeing.

GSC consists of service, academic, facilities, and welfare departments.

We organize and operate programs as follows: fall/spring academic seminars, group research seminars, mentoring program, student gathering and so on.

We are also in charge of managing a reading room and lockers on the 3rd floor.

Also, we are furnished with a medical kit and female sanitary items for your emergency.

Besides the already mentioned, we support you on a wide range of issues.

If you have any questions or need assistance, feel free to visit our office, No. 317.

As a freshman, what you are likely to do first is register your fingerprint to use a reading room and get a personal locker.

You need to come to our office with your student ID card so that you can use a reading room and you are supposed to apply for your locker online first at www.gshufs.co.kr.

We post on our website what you should know, and we recommend you check out on a regular basis.

Most of our programs are supported by Graduate Student Council Fee which you may or may not have paid for (amount: 25,000 won) when paying for your tuition.

Those who paid for council fee will receive the following benefits:

- ☒ Free graduation plaque
- ☒ Gifts
- ☒ Priority enrollment for special classes and mentoring program offered by GSC

If you want to pay for the council fee after enrollment period, you can either transfer to our account below or make a payment in our office.

<Bank account information>

- Bank: Woori Bank
- Account holder: 정서현
- Account number: 1002-058-076443

After transfer, contact and inform us of your transfer.

We are always ready to support you in many ways.

At the moment, we are hiring for 2018 Graduate Student Council.

We look forward to having you who want to have a more passionate and meaningful life in HUFS on our team.

Those who work for GSC will receive a partial scholarship.

The application is open until 4 Feb. For more information, contact us!
